Every Time I Climb a Tree

Every time I climb a tree,
Every time I climb a tree,
Every time I climb a tree,
I scrape a leg,
Or skin a knee,
And every time I climb a tree,
I find some ants
Or dodge a bee,
And get the ants
All over me.
And every time I climb a tree,
'Where have you been?'
They say to me.
But don't they know that I am free,
Every time I climb a tree?

I like it best
To spot a nest,
That has an egg
Or maybe three.
And then I skin
The other leg.
But every time I climb a tree
I see a lot of things to see,
Swallows, rooftops and TV
And all the fields and farms there be,
Every time I climb a tree,
Though climbing may be good for ants,
It isn't awfully good for pants.
But still it's pretty good for me,
*Every time I climb a tree. –***David McCord**
