

**DELHI PUBLIC SCHOOL**  
SAIL Township, Ranchi

# Nurture Nature for Our Future

**CLASS: 5**

**INTERDISCIPLINARY HOLIDAY HOMEWORK**

**Dear Students,**

**The chilly winter winds and ringing Christmas bells swell our hearts with a spectrum of emotions and compel us to dive into the joyful holiday spirit.**

**To maintain the educational continuum and to keep in view the rejuvenation you need, some enriching activities are designed to keep you constructively busy.**

**So, don your thinking cap, wear your magic- mantle to put forth your creative side. Have fun and frolic, build up your learning activities as a treasure.**

**Hope to see you soon.**

**Happy Vacations!**

**With best wishes**

**Class Teacher**

❖ Please note:- Use of A4 size paper is recommended for the assignments as and where needed.

*"Nature is dying slowly around us.*

*Creating situation deadly and dangerous.*

*Trees being cut, animals being killed,*

*Toxic fumes and oil being spilled.*

*We must wake up and stop before it's too late,*

*Destruction, decay will else be our fate."*

Saving environment is an important step towards making a sustainable and safer future. We as responsible 'Earthizens', must make a conscious effort, no matter how small, to create a lasting ripple of change in the long run.

To celebrate the green way of living make an 'Eco- Folder' and decorate the cover page creatively. Add the following activities

in the folder:

## ACTIVITY- 1

- Make an attractive greeting card. Write a beautiful message inside it related to environment protection. (You can send this card along with your class work copy which then will be gifted to your classmates. Cards should be addressed to: 'Dear friend')

## ACTIVITY – 2

Holidays are the time when everyone waits to plan for an outing to hang out and spend some time with family and friends. Picnics and day outings have always remained a fond memory for all of us but we need to take the responsibility to keep these beautiful places clean. Only the Government is not responsible for maintaining the cleanliness of these spots but the onus is on each one of us to maintain cleanliness wherever we go.

- Make a list of do's and don'ts when you visit any picnic spot. You can draw pictures to bring clarity.

## ACTIVITY – 3

वृक्षों की जब करोगे रक्षा,  
तभी होगी जीवन की सुरक्षा।

- वृक्षों की उपयोगिता बताते हुए एक विज्ञापन तैयार कीजिए।

## ACTIVITY – 4

- For greener world and happier future, implement the 3R's in your daily life. Cite three examples regarding 3R's of sustainability.

Eg: Paper

Reduce - usage of paper.

Reuse - to make envelopes, decorative items (Paper-mache, origami, wall art etc.)

Recycle - to make cardboards, tissues, toilet papers, napkins, greeting cards, etc.

## ACTIVITY – 5

When we get our school almanac we always check the holidays first! The holidays come under different seasons. There are summer holidays and winter holidays!

Refer to the calendar provided and answer the questions.

1. Find the number of Sunday's in the session 2021-22.
2. Find the average of number of holidays from October to December.
3. Find the percentage of Holidays for the month of May and June.
