NOTICE

Dear Parents,

In the world of New normal students are being prepared for taking multiple challenges though our emphasis is on steadily chiseling the academic skills and knowledge of the learners. However it has been noted that few students prefer to remain in dormant mode reluctant to attend classes neither in online nor in offline mode. Such students are exhibiting steady downfall in their academic performance revealed through results of different tests/exams. Parents are therefore advised to ensure that their ward take studies seriously and attend classes without showing laxity.

Your support in shaping the young minds for their bright future is solicited.

Warm Regards

A handwritten signature in green ink, appearing to read 'R. S. Chel'.
