**I) Read the passage given below and answer the questions that follow :** **[1x5=5]**

Junk food is very popular these days, mainly among youngsters, but it is very unhealthy. Junk food is rich in sugar, fats and calories. It has low nutritional value.

Junk food consists of eatables like burgers, fries, tacos, cakes, pizzas, cookies, doughnuts, chicken nuggets and so on.

Probably due to lack of any nutrition it is called 'junk' food. It is also known as fast food. It is readily available almost everywhere, from small shops to super markets. It is quick and convenient for people in a hurry.

Junk food looks attractive and tastes good. It is high in fat, salt and sugar content. It is easy to carry and eat, easily available and reasonably priced. These are some of the reasons for its popularity.

There are many varieties of junk food available. People choose them according to their own liking.

Heart disease, diabetes and obesity, especially among children, is mainly due to junk food consumption. So, we should avoid junk food. Once in while, consumption of junk food is all right. But one should be careful.

- Q1. What is junk food rich in? **(Para-1)**
- Q2. Mention some popular junk food items. **(Para-2)**
- Q3. Why is it call 'junk' food? **(Para-3)**
- Q4. Mention some diseases caused due to junk food consumption.

II) Read the poem given below and answer the questions that follow: [1x5=5]

### SQUIRRELS

I went to Stanley Park,  
To put squirrel in my notebook.  
My teacher said:  
“Write everything you found out  
About squirrels.”  
And so I will  
I saw a fat one;  
Shaped like a peanut butter jar,  
Attacking my hat.  
His moustache was made of chips;  
He ran sideways into the sky,  
He looked like a ginger cat.  
With a branch for a tail.  
He was so mad he ran down again.  
And I can't write  
What he said to me:  
Lucky for me I had a sandwich;  
To share with him.  
He smiled at me till his teeth  
Weren't hungry.  
And jumped into the sky,  
With his jammy legs  
He turned into  
A kite.

-Florence McNeil
